

National 3D Champs 2009

Congrats to our gallant team of field archers who represented South Wilts Archery Club at the National 3D Champs, held this year in Osmaston near the Peak District. With over 600 archers competing in this two day event, there was no illusion that this would be a 'walk in the park'! The weather was excellent, the courses were challenging but fun and we came home with a few medals (see below!).
