

South Wilts Boxing Day Shoot

Sixty plus archers left the “Christmas hostilities” behind them to shoot our thirty target course (Novelty and 3Ds). One of the targets was Father Christmas emerging out of the bottom of the chimney; the target was complete with mantle piece with an antique carriage clock as part of the room’s decoration, and yes one archer shot the clock. It is believed that the clock did not work, it won’t now!! Arthur was the creator of this target (his clock etc).

Thanks to all South Wilts club members who worked hard to make this day a success.

Peter Dixon
